TRAN HUU MINH

Intern - Java Developer

Dob:	10/09/2002
Gender:	Male
Phone:	0966478625
Email:	minhth922@gmail.com
Website:	https://github.com/Stw-cyber
Address:	Hanoi, Vietnam

OBJECTIVE

- As a third-year student with a background in Java web programming, I hope to apply my knowledge and accumulate practical experience in a professional work environment.
- During my internship, I hope to learn from experienced developers, contribute to group projects, and gain practical experience in software development. And if there is an opportunity, I hope to become a full-time developer of the company after this internship period.

EDUCATION

09/2020 - Present

FPT University

Major: Software Engineering - .NET Programing

Scholarship: 30%

PROJECTS

Tutor System - https://gitlab.com/son241/tutor/-/tree/develop

(12/2022 - 03/2023)

Name of customer	Tutor, Parents, Children and Admin
Description project	A tutor recruitment website connects tutors with customers, making it easy for people to find and hire tutors for their specific needs. It simplifies the tutoring process by providing a user-friendly platform for customers to search and select from a variety of tutoring services, and for tutors to showcase their qualifications and connect with potential clients.
